VIPA UPDATES PUBLIC ON UPCOMING CEKA TERMINAL RENOVATIONS

The domestic departure lounge at the Cyril E. King Airport Terminal on St. Thomas will receive major upgrades starting next week. Virgin Islands Port Authority Acting Executive Director Damian Cartwright announced that the restrooms in the domestic hold room will be completely revamped. VIPA is expanding the male and female restroom, adding more stalls with new fixtures, improving the lighting and replacing all the floor and wall tiles. There will also be a new family restroom to accommodate persons traveling with young children. The restroom renovations will take about three months to complete. During the remodeling, male travelers will be directed to use the restrooms in Gate 1 of the terminal. The female restroom will remain open.

The Hibiscus Restaurant operated by Concessions International in the domestic departure lounge is also scheduled to reopen at the end of May 2019. VIPA appreciates the public's patience during the ongoing renovations at its port facilities. Updates about VIPA's projects are posted on its social media pages on Facebook and Twitter and on its official website: www.viport.com.

###

The Virgin Islands Port Authority (VIPA) is an autonomous, self-sustaining government agency established in 1969 as the owner and manager of the United States Virgin Island's airports and seaports. VIPA owns and manages 14 seaports, two airports and surrounding properties. It is a critical arm of the USVI's economy that facilitates travel and commerce and fosters tourism and economic growth via its ports. VIPA's mandate is to develop and maintain the ports of the USVI to accommodate the current and future demands of our users, and to provide safe port facilities.
